Small Sub-Contractor Directional Drilling Projects

Rangedale as Principal Contractor:

- Thompsons Rd, Lyndhurst - 124m of 100mm steel pipe (2018, Supervised by Leigh Sinclair).
- 4 Nepean Ct, Wyndham Vale – 30m of DN150 PVC gravity sewer (2016, Supervised by Luke Gration).
- Derby St, Kew – Sewer branch (2016, Supervised by Leigh Sinclair).
- 326 Settlement Road, Thomastown – 15m of DN150 sewer branch (2015, Supervised by Glenn Thompson).
- Hume Hockey Centre, Hume – DN100 sewer branch (2015, Supervised by Glenn Thompson).
- Summerhill Shopping Centre, Laverton – 10m of PVC with fittings, 2 connections, and live sewer works (2015, Supervised by Glenn Thompson).
- Summerhill Shopping Centre, Laverton – 90m of pressure sewer with fittings, 2 connections, and live sewer works (2014, Supervised by Glenn Thompson).
- Lawson St Sewer Branch, Essendon – DN100 sewer branch (2014, Supervised by Glenn Thompson).
- Sewer Branch, Laverton – 20m DN150 sewer branch (2014, Supervised by Glenn Thompson).
- Roussos Pl, Ringwood East – 20m of DN150 (2014, Supervised by Glenn Thompson).
- Station St, Mitcham – 16m of DN63 gravity sewer (2014, Supervised by Glenn Thompson).
- Hume Highway, Campbellfield – 60m of DN250 PE gravity sewer (2014, Supervised by Glenn Thompson).

MFJ Constructions as Principal Contractor:

- Eley Road, Blackburn South – Bed Bore of 8.5m DN450 GRP Branch Sewer Outlet (2025, Supervised by Leigh Sinclair)
- Taylors Lane, Wallan - Directional Drilling of 20m DN180 PE pipe (2024, Supervised by Leigh Sinclair).
- Robinsons Road – Directional Drilling of 196m DN280 PE pipe and 50m of DN180 PE Pipe in basalt (2021, Supervised by Zak Rigler).
- Kalinda Road, Ringwood – Directional Drilling of 2 by DN100 PVC gravity sewer road crossings and 1 by DN150 gravity sewer line (2021, Supervised by Leigh Sinclair).
- Doreen Transfer Main, Doreen – Directional drilling 196m of DN600 PE transfer main (2021, Supervised by Zak Rigler).
- Oban Rd Property Connection Drills, Donvale – Service proving and directional drilling of 3 by DN100 PVC and DN110 PE property connections (2019, Supervised by Zak Rigler and John Torre)
- Aquarius Court, Donvale – 52m of DN100 PVC, 26m of DN150 PVC and 146m of DN225 PVC gravity sewers, maintenance shaft, property connection, service locating and proving (2018 and 2019, Supervised by Zak Rigler)
- Hawkestowe Rd, Mernda Rising Main – 150m of DN315 PE sewer rising main (2017, Supervised by Zak Rigler).
- Tullamarine Airport Water Main – 173m of DN280 PE and 500m of DN355 PE (2017, Supervised by Glenn Thompson/Zak Rigler).
- Blackburn Rd Level Crossing Sewer Main – 334m of DN280 PE sewer main (2016, Supervised by Zak Rigler/John Torre).
- Ravenhall Prison Water Main – 450m of DN280 PE water main (2016, Supervised by Luke Gration).

- Essendon Fields Larkin and English Street Upgrade (Stage 1) – 164m of DN355 and 44m of DN110 PE sewer (2016, Supervised by Luke Gration/Zak Rigler).
- Glenroy Relieving Branch Sewer (Stage 2) – 143m of DN280 PE gravity sewer (2015, Supervised by Glenn Thompson).
- Melrose Drive, Tullamarine (Final Stage) – 400m of DN280 PE sewer (2015, Supervised by Steve Avramovski).
- Doherty's Road, Truganina – 25m of DN280 PE sewer (2015, Supervised by Glenn Thompson).
- Thomastown Backlog – 150m of DN50 PE pressure sewer, 2 property connections and 1 isolation valve (2014, MFJ, Supervised by Steve Avramovski).

Kaycee Excavations as Principal Contractor:

- Maroondah Highway, Lilydale Water Main – 81m of DN125 PE (2017, Supervised by Zak Rigler).
- Warburton Water Main – 110m of DN63 PE (2016, Supervised by Steve Avramovski).
- Point Cook Rd Distribution Main – 34m of DN560 PE sewer (2015, Supervised by Glenn Thompson).

Jaydo as Principal Contractor:

- Monbulk Rising Main – 1.6km of DN180 PE Rising Main (2021, Supervised by Zak Rigler).
- Blamey Rd, Melton South – DN450 PE Sleeve and Grouting (2018, Supervised by Leigh Sinclair).
- Epping North Transfer Main – 20m of DN560 PE Sleeve and Grouting (2018, Supervised by Glenn Thompson).
- Lara – 350m of DN180 PE rising main (2016, Supervised by Zak Rigler).

Chadoak as Principal Contractor:

- 784 Springvale Rd, Keysborough – 294m of DN280 PE (2020, Supervised by Leigh Sinclair).
- 75 Shrives Rd, Narre Warren – 118m of DN150 PVC (2020, Supervised by Leigh Sinclair and/or John Torre).

Katam as Principal Contractor:

- 251 Yan Yean Road, Plenty – Directional Drilling of 78m DN150 PVC gravity sewer extension (2022, Supervised by Leigh Sinclair)
- 2 Arnold St, Brunswick East – Directional Drill DN150 PVC gravity sewer and DN100 PVC connection (2021, Supervised by Leigh Sinclair and Justin White).
- 931 Canterbury Rd, Box Hill – 30m of DN150 PVC Gravity Sewer (2021, Supervised by Leigh Sinclair).
- 57-65 Riverside Ave, Werribee - 200m of DN150 PVC Gravity sewer (2021, Supervised by Glenn Thompson).

Other as Principal Contractor:

- Sporting Grounds (Greensborough, Eltham and Hurstbridge) – Directional Drill power conduit (1.14km) for sporting grounds (2021, Hilite Electrics, Supervised by Leigh Sinclair and Zak Rigler).
- Yan Yean Rd – Service prove and directionally drill DN110 PE sewer and DN63 to DN100 telecommunications conduit (2018, Multicorp Building and Civil, Supervised by Tim Knox).
- 519 High St, Prahran - Core hole concrete wall and bore into existing manhole to install a 150mm PVC Sewer Pipe (2018, Supervised by Leigh Sinclair).
- 101 Canning St, North Melbourne – Clean Existing Borehole and Install DN225 PVC main (2018, RBM Plumbing, Supervised by Leigh Sinclair).
